## Take it Home!

Six passages from the Bible are presented in the outline. Read one or more of these passages.

Consider 'the List' - a list of what happens when the right king reigns. Think of this list ...

- in terms of International Affairs, or Politics
- in terms of Church Life
- in terms of Family Relationships
- in terms of Personal Relationships

What would each item look like in these different settings?

Which of these are possible now, and which are only possible when Jesus returns?

In what ways have you seen these sorts of things happen?

What could you do to see these sorts of things happen more?

What excites you about this list? What raises questions for you?

**Take It Home** - Take this home and use these questions to think about the ideas shared today. It is even better if you can use these questions in a conversation with someone else.
